Session 4: Making a plan for the Autumn

Room:2

Note taker: Max

What are your concerns and your agreements relative to the framework presented?

you can see the framework here: <https://by2020weriseup.net/wp-content/uploads/2020/07/Autumn-Wave-Proposal-By2020WeRiseUp.pdf>

concern:

- fear of workload and spread out personal resources
- Good idea on its own, worries about interference with other platforms. During the Pandemic many new movements (especially social) have formed and are starting connection of social movements. Start communicating intersectionally asap to avoid parallel working.
- Short timeframe for implementation of intersectionality in 2020.
- Open intersectionality might not be possible for every region. Openly advocating for intersectional issues too much might not only weaken the environmental messages but also weaken own platforms as a result. Internal intersectionality is imperative but it might be difficult to implement into narrative.
